CONGRESS. The friends of Rowland C. Burns beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

We are authorized to announce James N. Kehoe, of Mason county, as a candidate to represent the Ninth district in Congress, subject to the action of the Democratic party.

Hon. A. S. Berry has withdrawn from the race for Congress in the Sixth district, leaving the field to D. Lynn Gooch.

Congressman Burton, who fought Big Sandy's appropriation in Congress, has withdrawn from the race for the re-nomination. The Hanna organization is against him.

We hope to see the courts and juries of this county so enforce the criminal laws that the epidemic of crime with which we have been cursed for a long time will be wiped out.

The State Prison Commission has closed a renewal contract for the labor of 400 convicts at fifty cents a day each. This is the highest price ever paid for convict labor in Kentucky.

Under an act passed by the General Assembly at the recent session, no State bank organized prior to 1893 will pay any State tax this year. The general revenue fund will thus be reduced about \$80,000. Next year, these banks will pay only about one-fourth of the tax assessed against them, which will reduce the State revenue about \$60,000.

Gov. Beekham has appointed a number of delegates from the State at large to the International Mining Congress, which meets at Butte Mont., September 1, 2, 3, 4, and 5, 1902, and in the list appears the names of Douglas Putnam, Jr., of Ashland, and John C. Just Across the River in West Virginia.

N. & W. RAILROAD.

The Norfolk & Western Railroad Company has just completed and filed a map of their survey of the proposed new branch road down Tug river with W. P. Wilson, county clerk of Wayne county.

The map shows that the new line intersects the Norfolk & Western at Naugatuck and runs down Tug river on the West Virginia side to Fort Gay, opposite Louisa, Kentucky. It has not yet been decided whether the road will cross the Big Sandy river there and use the O. & B. S. track or be continued from there down on the West Virginia side. In all probability the road will be continued on the West Virginia side to Kenova, as the company is now taking options for rights of way on this route. The contract for building the present survey will be let this year. The map designates this branch as the "Naugatuck Branch, of the Ohio Extension of the Norfolk & Western railroad."—Huntington Advertiser.

Attorney Z. T. Vinson, of Huntington, received \$50,000 for putting a big land deal through in Logan county, W. Va., and Berry Priddy got \$28,000.

W. O. Freeman was indicted by the Grand Jury in session at Wayne, last week for killing Lewis M. West, at Ceredo, W. Va., December 27th last, while acting as special policeman.

Yesterday afternoon at Ceredo Marshal James O. Marcum found floating in the Ohio river the body of an infant. The child was thinly clad and apparently had not been drowned but a few days. From appearance it must have been three weeks old. The body was interred at Ceredo.—Cattlettsburg Press.

Charles Williams, 21, of Cabell county, W. Va., and Miss Florence Callicott, 21, of the same place were issued a marriage license this morning, by deputy clerk, Howard Lawrence. They were married at the clerk's office by Rev. Z. Mock. After the ceremony, they departed to their home near Huntington.—Cattlettsburg Press.

Fairmont, W. Va.—One hundred and fifty miners headed by "Mother" Jones, marched along the country road from Shinington to Monongah to-day, where a second meeting was held this afternoon. The marchers are from two mines, Fleming and Adamston. Miners in the region along the line of march are all at work.

The trial of Lewis Redd and Robert Smith, the negroes who shot Captain Karnes of the N. & W. on the night of February 27th, resulted in a verdict of thirteen years in the penitentiary for Redd, the principal in the affair, and one for three years for Smith as an accomplice. The trial occupied but a short time. Captain Karnes has by no means fully recovered from his injuries but he has improved a great deal and hopes soon to be in his usual health.—Huntington Advertiser.

John Plymale, who for a quarter of a century has been conducting a general store at the mouth of Buffalo creek, in Wayne county, seven miles south of Huntington, met with a fatal accident Thursday afternoon. Mr. Plymale was advanced in years and of late was quite feeble. He was walking on the railroad track and failed to notice the approach of a construction train that was backing down toward Kenova, and was run over and his body badly mangled. He lived only two hours.

Glenova, is the name of a new town near Wheeling. The town is located at Glen's Run and Glenn, the first syllable, is from the Run; the second syllable, is from Ohio, and the third syllable, from Virginia. W. S. Grafton was awarded \$25 in gold—the prize offered for the one suggesting the most appropriate name. No doubt the idea was suggested to the mind of Mr. Grafton from the name of the beautiful West Virginia town at the mouth of Big Sandy river—Ceredo Advance.

Last Thursday afternoon Oscar the youngest son of Senator B. J. Pritchard was found lying in an unconscious condition by the side of the railroad near Echo. He was brought home and has not been in a condition since to give any information as to how he received his injuries, but it is presumed that he fell from a freight train on which he was riding. He was seen on top of a car when the train passed the station at Echo and was found a short distance above.—Wayne News.

The strike situation is about the same. All the miners in Kanawha, Montgomery and Handley fields are out. The New River field is completely tied up. Reports from Winfrede, Cabin Creek and Carbon are that all the men are working. The Kanawha and Hooking syndicate have their regular forces at work at Big Mountain, Monarch and Kelly's Creek. WARFIELD.

There is not a bad neighbor or householder in Warfield. The people are all law-abiding, peace and friendly. All passages at arms or even small family quarrels are past matters of record.

There is not a drop of intoxicating liquor sold in the town. The stranger visiting Warfield would be struck with its beautiful location, its surrounding hills, and the uniform river in front. The streets are 60 feet wide, and church spires and 3 prosperous stores and blacksmith shops are indicative of progress and intelligence. And we have a fine Sunday School and regular services at the Methodist church. Yet these good people, like all living creatures, have their troubles or parasites.

We had a rain-fall of 2.34 inches Saturday and Sunday and hail stones fell as large as bird eggs. Tug river rose 6 1/2 feet. Falling at present but head rice expected.

Our new phone line works well and we call up Louisa operator and Lockmaster at times necessary. Brothers Holbrook and Alley are working for the souls of the community and deserve due credit in the good work both present. J. D.
